

```
int i = 0;
while (i < 10) {
    if (condition(i)) {
        continue;
    }
    call(i);
    i++;
}
```

```
for (int i = 0; i < 10; i++) {
    if (condition(i)) {
        continue;
    }
    call(i);
}
```
