

```
public class SList {  
    private SListNode head;  
    private int size;  
  
    public SList() {  
        head = null;  
        size = 0;  
    }  
  
    public void insertFront(Object Item) {  
        head = new SListNode(item, head);  
        size++;  
    }  
}
```
